AGROZEN.COM

Grown With No Chemicals

We proudly work with American farmers who provide our hemp grown with no pesticides or herbicides.

20mg of CBD Per Serving

Each serving of our premium hemp wax is infused with 20mg of American grown hemp.

GMP Certified

Our Good Manufacturing Practice (GMP) ensures every jar is filled and safety sealed for consistent quality.

CBD WAX PREMIUM ALL-NATURAL HEMP EXTRACT

If dabbing is your style, give our premium full spectrum CBD wax with natural terpenes a try. Our industrial hemp plants are grown on organic American soil, processed using high-quality CO2 extraction equipment that produces extremely high CBD ratios per pound. Enjoy 20% CBD potency including decarboxylated plant wax that provides a pleasurable smoking experience with a sweet taste and earthy scent.

“Discover Natures Wellness” today to improve your quality of life from Agrozen Life Sciences.

PRODUCT DESCRIPTION

Our hemp wax offers the full spectrum of cannabinoids such as CBD, CBN, CBL, CBDA, CBG, among others to provide maximum whole plant extract benefits without any psychoactive effects. You'll enjoy a 20% concentration of CBD in a 1 gram concentrate or 200mg of total cannabinoids. The hemp wax also contains decarboxylated plant wax that provides a more pleasurable smoking experience with a sweet taste and earthy scent. Inhaling natural CBD wax requires a dabbing device. As everyone's body type and symptoms are different, there is no daily recommended dosing so self-dosing is required. Since there are so many dabbing variables, ten servings per jar provides 20mg of CBD per serving. Per an industry publication, typical minimum daily dosing is 25mg of CBD twice a day. Keep in mind, more is not always better.

* Note: The information disclosed is intended to serve only as general guidance and is not medical advice. As with any nutritional supplement, speak with your doctor about possible drug interactions.

** FDA Disclosure: Statements have not been evaluated by the FDA.

*** This product is not intended to diagnose, treat, cure, or prevent any disease.
